I agree with the list 1-6 as the minimum set.

As for timing of emails, I do think the website needs to be live before Darcy sends the emails to tribes.

I'm around today if you need an extra set of hands or eyes, and working tomorrow, too

Thanks Valois: I don't think its necessary we post #8 or #9 on our website as long as these are captured in our online docket.

For #7, did you mean Letter to NRC....?

I cannot think of any other primary documents we need to post today.

As soon as the RTC is final as a pdf we will provide a copy to Darcy along with the letters she will be emailing to all 38 tribal leaders. My understanding is that these emails would go out after we go live and include a link to our website (or did we decide differently?).

Douglas

Subject: Minimum set of documents for the Dewey-Burdock website today
Importance: High

Hello All,

I just wanted to check in on the what Dewey-Burdock documents we need to have on the website today to go live.

Here are my thoughts:

1. RTC
2. Class III Permit
3. Class V Permit
4. AE ROD

5. EJA
6. CEA
7. Letter to ACPH and EPA signature page to the PA
8. Emails documenting EPA's signature page was sent to everyone.
9. Letters and emails to tribes wrapping up tribal consultation.

I'm not sure #9 is really needed. We have an impasse there because we can't email the link to the RTC until the website goes live. So can we wait on #9? (Paul is out till Nov 30)

Is there anything I missed?

Thanks!

Valois
